National Wildfire Coordinating Group S-190, Introduction ...

During the heat of summer, avoiding news reports of a wildland fire raging somewhere across the country is nearly impossible. Wildland fire is often thought of as something that happens deep in national forests, out in rangelands, or perhaps in crop fields. If spot fires burn unchecked, they may form a new head or another major fire. If

Reading Skills Practice Test 4 - Scholastic

Reading Skills Practice Test 4 A For most of us, headaches aren't a big deal. We get them now and then. They cause a little pain, then they go away. For about one in 10 people, however, headaches are more serious. They get extremely strong. Headaches put out the raging fires. By that time,
